

POLITICAL ECONOMY

The **B.A. in Economics - Political Economy Track** provides the student with training in economics and political economy. Political economy considers the way that class, power, institutions, and gender affect, and are affected by, economic systems.

This major is designed to provide a critical understanding of capitalism, and provides excellent training for a variety of jobs in the private sector, nonprofits, labor unions, and government. It also provides training for graduate and professional schools.

The Basics

- 68 Units
- Helps students understand, and perhaps change, the world around them
- Preparation for jobs that require a sophisticated understanding of the world
